

SHEREE F. LOGUE, Ph.D.

CURRICULUM VITAE

BIOGRAPHICAL INFORMATION

Office:

113 Biobehavioral Health Bldg
The Pennsylvania State University
University Park, PA 16802
Phone: (814) 863-2472
email: sul459@psu.edu

EDUCATION

Rockhurst College, Kansas City, Missouri: **B.A. in Psychology/Biology**; 1989
Indiana University, Bloomington, Indiana: **Ph.D. in Psychology and Neural Science**; 1994

Dissertation title: An examination of the role of the hippocampus in the acquisition and timing of a signaled bar-press in appetitive and aversive conditioning

Thesis Mentor: Joseph Steinmetz, Ph.D.

POSTDOCTORAL TRAINING/RESEARCH ASSOCIATE POSITIONS

Institute for Behavioral Genetics, University of Colorado, 1994 - 1998

SCIENTIFIC INTERESTS

- Neurobiological, genetic and behavioral models of schizophrenia with focus on the negative symptoms of asociality and anhedonia
- Neurobiology of attention and impulsivity in relation to psychiatric disorders and alcohol addiction
- Neurobiology of perception, learning, memory and executive cognitive function

POSITIONS

January 2017 – Current	Director of Biomarker Core Laboratory Department of Biobehavioral Health, The Pennsylvania State University, University Park, PA
January 2018 – Current	Associate Teaching Professor Department of Biobehavioral Health, The Pennsylvania State University, University Park, PA
August 2016 – 2018	Senior Instructor Department of Biobehavioral Health, The Pennsylvania State University, University Park, PA

Logue

June 2011 – May 2016	Director of Weiss Hall Animal Facility Reviewing Member of Institutional Animal Care & Use Committee Temple University, Philadelphia, PA
August 2010 – May 2016	Assistant Professor Department of Psychology, Temple University, Philadelphia, PA
Jan. 2010 – May 2010	Assistant Professor, Adjunct Department of Psychology, Temple University, Ambler, PA
May 2007 – Jan. 2010	Principal Research Scientist I & Chair of Institutional Animal Care and Use Committee In Vivo Pharmacology, Wyeth Research, Princeton, NJ
Jan. 2004 – May 2007	Principal Research Scientist I In Vivo Pharmacology, Wyeth Research, Princeton, NJ
Feb. 2002 – Jan. 2004	Section Head of Psychopharmacology Aventis Pharmaceuticals, Bridgewater, NJ
Dec. 1998 – Feb. 2002	Scientist in Neuroscience Department AstraZeneca Pharmaceuticals, Wilmington, DE
Sept. 1996 – Nov. 1998	Postdoctoral Research Associate Institute for Behavioral Genetics, University of Colorado, Boulder, CO
June 1994 – Aug. 1996	Regular Fellow on NRSA training grant Institute for Behavioral Genetics, University of Colorado, Boulder, CO
Sept. 1992 - May 1994	Associate Instructor Department of Psychology, Indiana University, Bloomington, IN

TEACHING EXPERIENCE

August 2016 – current	Department of Biobehavioral Health The Pennsylvania State University, University Park, PA
Spring 2010 – May 2016	Department of Psychology Temple University, Philadelphia, PA Behavioral Neuroscience – undergraduate & graduate levels Capstone: Nature vs. Nurture: The impact of genetics on behavior Cognitive Neuroscience Cognitive Psychology

Psychopharmacology – Graduate level
Critical Thinking in Psychology
Conducting Psychological Research – an intensive writing course

Fall 1992 – Spring 1994 Department of Psychology
Indiana University, Bloomington, IN
Methods in Experimental Psychology
Statistical Techniques

Student Mentoring

Three students have worked with me as a teaching assistant for my Behavioral Neuroscience under the Diamond Peer Teacher Program

Faculty mentor for the Nu Rho Psi academic honor society since the chapter was established in 2014

PROFESSIONAL AFFILIATIONS, SERVICES, AND AWARDS

Member, Society for Neuroscience

Adjunct reviewer, NIH Neuropharmacology/Diagnostics Small Business (ETTN-C-11) Study Section, June 2010, March 2011, June 2011

Ad hoc reviewer, Pharmacology, Biochemistry and Behavior

Ad hoc reviewer, The Journal of Neuroscience

Ad hoc reviewer, The Netherlands Organisation for Health Research and Development

Reviewing member, Institutional Animal Care and Use Committee, AstraZeneca (1998 - 2002); Wyeth (2004 – 2010)

Mentor, Committee on Women in Neuroscience Mentoring Program

Research Fellowship from the Animal Behavior Research Training Grant, Indiana University (1992)

Research Fellowship from the Program in Neural Science, Indiana University (1992-1993)

Patents

GPR88 Knockout mice have neurochemical characteristics consistent with a role for the GPR88 receptor in the dopamine system with a schizophrenia-like behavioral profile: A novel target for therapeutics treating the dopamine based disorders of schizophrenia, mania, Parkinson's disease, Huntington's disease, attention deficit/hyperactivity disorder, and drug addiction. Mark Pausch, Brian Bates, and Sheree F. Logue. Filed – August 2006

Increased efficacy using 5 HT2C agonists as co-treatment with current antipsychotic drugs. Sharon Rosenzweig-Lipson and Sheree F. Logue. Filed – April 2006
