Leveraging Canvas to Provide Feedback

Feedback should be timely, relevant, consistent, and lead to growth.

Consider using these Canvas tools in addition to rubrics, checklists, and peer reviews.

Tip: Ensure students setup notifications to receive your feedback immediately.
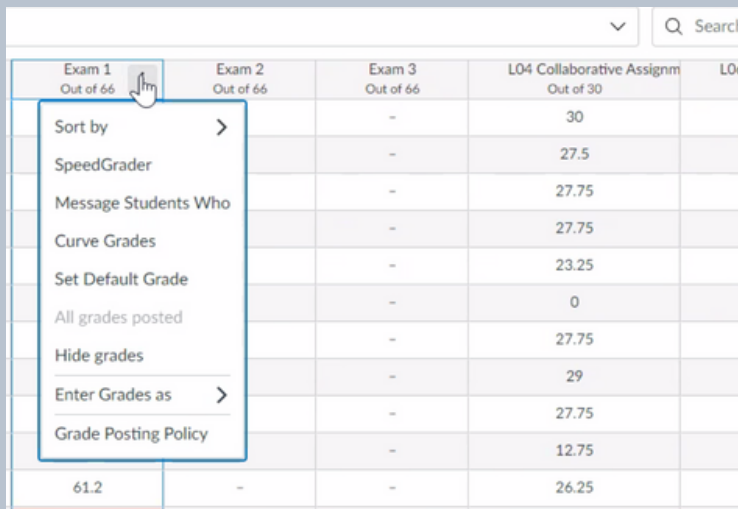

Quiz Question Feedback

Provide automated feedback for a student's answer choice.

Add feedback to help students understand what they did wrong.

Possible Answer — Answer Text

Cancel — Update Question
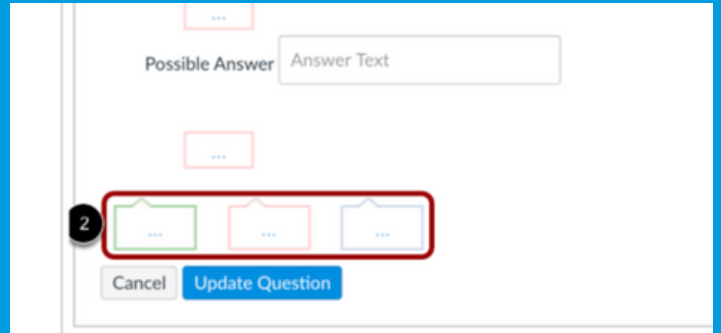

You can choose to give students feedback in the answer comm answer, click the comment field beneath the answer [1].

Gradebook Feedback

Provide assignment-specific feedback

Add grade, status, and comments.

	Exam 1 Out of 66	Exam 2 Out of 66	Exam 3 Out of 66	L04 Collaborative Assignm Out of 30	L06
Sort by			–	30	
SpeedGrader			–	27.5	
Message Students Who			–	27.75
